EDUCATION

Indian Institute of Information Technology (IIIT) Bhopal
Bachelor of Technology (B.Tech), Information Technology (IT)

Bhopal, Madhya Pradesh
2021-2025

PROJECTS

- 1. Grouple | Github** *March 2023*
 - A **group chat app** built using **Flutter** in which a user needs to register or login by making their username, email, and password.
 - The messages and other information are stored using **firebase storage** as backend.
- 2. Clima | Github** *December 2022*
 - A simple weather determining app built using **Flutter**.
 - The app uses **OpenWeatherMap API** to get the current location's weather or the searched location weather from the app.
- 3. FlickPicks | Github** *November 2023*
 - A **movie review** web app built using **ReactJs** along with **Tailwind CSS**. The project features user authentication which is done using **firebase authentication** services.
 - User can enter the movie and give a review along with a rating which is stored in **firestore**.
